POSTGRADUATE TRAINING

Meeting to prepare for the accreditation of the CKI training program

On the afternoon of March 15, the Faculty's Board of Deans met with the Heads of the departments to review, and evaluate the specialized training program level I (CKI). At the meeting, the Deans of the Faculty disseminated the following information: regulations of the Department of Postgraduate Education for the CKI Program and related forms for departments to implement. By the end of March 2024, departments need to complete the review of the CKI training program to prepare for accreditation.

The Faculty Board of Deans disseminates the regulations of the Department of Postgraduate Education

Teachers of all departments attended the meeting to review the CKI program

CONTINUOUS EDUCATION

A series of continuing multidisciplinary training programs in partnership with GlaxoSmithKline

INTERNATIONAL RELATIONS

Welcoming Lien Foundation delegation, Singapore

On the morning of March 11, 2024, the Lien Foundation delegation visited and worked at UMP to discuss cooperation opportunities in integrating palliative care into training program and primary care system in Vietnam. The Board of Rectors, Departments of Palliative Care and representatives of the International Relations Unit attend the meeting.

The meeting took place effectively and successfully, and opened up many potential cooperation opportunities to improve Palliative Care capacity in Vietnam and train future healthcare professionals to address the needs of palliative care for the future.

Lecturers of UMP and Lien Foundation delegation took souvenir photos

Y5 students of the Faculty of Medicine participate in a medical elective abroad program

In the Innovation Medical Program, Y5 students have the opportunity to intern abroad. This academic year, the Faculty of Medicine has 12 Y5 students participating in medical internship programs at the following academics:

- 👑 Faculty of Medicine, Ramathibodi Hospital, Mahidol University (Thailand).
- 👑 Taipei Medical University, Taiwan.
- 👑 Umea University, Sweden.

INTERNAL RELATIONS

Welcoming the delegation from Buon Ma Thuot University of Medicine and Pharmacy

On the afternoon of March 14, the leaders of the Faculty of Medicine welcomed a delegation from Buon Ma Thuot University of Medicine and Pharmacy to visit at the Center for Advanced Training in Clinical Simulation.

Buon Ma Thuot University of Medicine and Pharmacy delegation includes:

- Prof. Cao Tien Duc, PhD - Rector
- Dr. Tran Nguyen Tuan Anh, MSc – Deputy Director of Buon Ma Thuot University of Medicine and Pharmacy Hospital
- Mr. Nguyen Dang Vuong, MSc - Head of Nursing Department

During the visit, the group expressed to observe the management and operation of the ATCS and Examination Room of OSCE.

The group visited the Center for ATCS

IMPACTMED PROJECT

Workshop on Medical Residency Training Program

Within the scope of the IMPACTMED Project, on the afternoon of March 11 and March 12, the Faculty of Medicine in collaboration with HAIVN organization and experts from Harvard Medical School organized a seminar with lecturers and resident doctors on Professionalism training in medical residency training programs.

During the afternoon conference on March 11, Prof. Tara Kent - an expert from Harvard Medical School had a conversation with female lecturers and female residents of the Faculty of Medicine to learn about the difficulties and challenges in the process of working and studying at the department, and subsequently plan to support female lecturers and female resident doctors in career development and work life balance.

On the afternoon of March 12, lecturers participating in the training program for resident doctors in the Faculty of Medicine attended the seminar by Professor. Barbara Gottlieb and Professor. Tara Kent - Harvard Medical school. The seminar shared knowledge and information on professionalism practice behaviors in medical residency training program.

March 11: Discussion with female resident doctors

March 11: Meet and discuss with female lecturers of the department

March 12: Discuss with lecturers about professionalism practices in teaching resident doctors

NOTIFICATION

Announcement from the ASEAN Research Collaborative Fund (ARCF)

The ARCF announces receipt of applications for scientific research. The submission period is from March 4 to April 14, 2024.

The goal of ARCF is to support collaborative research activities among participating AMSN members. These research collaborations are expected to improve health to the ASEAN community through the exchange of: scientific knowledge, talent, research data and expertise across the region.

The Foundation provides travel grants or grants to attend research symposiums. Applicants **MUST** belong to AMSN member institutions and each AMSN member must submit only 1 application per year through the Dean or Principal's nomination.

Priority will be given to collaborative projects involving member academics from multiple ASEAN countries. Additionally, candidates are encouraged to highlight the potential impact/influence of their research, emphasizing the role of research in solving regional problems and promoting cooperation within the ASEAN community.

All applications will be assessed based on their objective(s), feasibility, novelty, impact and budget. Successful candidates will be notified upon completion of the selection process.

For more detailed information, please contact ARCF 2024 Secretariat, Faculty of Medicine, University of Malaya, email: resfom@um.edu.my.

In case lecturers would like to register for research funding, please inform the International Relations Unit of the Faculty of Medicine so that the unit can report to the Faculty of Medicine.
