Appointment and reappointment of leadership positions at UMP

On the afternoon of March 29, UMP held a ceremony to announce the Decision to appoint and reappoint leadership positions of the University. At the ceremony, the UMP awarded the Decisions to appoint and reappoint the following positions:

-  Head of Department of Science and Technology: Associate Professor. Phung Nguyen The Nguyen MD PhD - Faculty of Medicine.
-  Head of Student Affairs; Head of Faculty Office, Faculty of Public Health: Dr Huynh Ho Ngoc Quynh – Faculty of Public Health.
-  In charge of the Department of Traditional Medicine: Dr. Vo Trong Tuan MD, Deputy Head of the Faculty of Traditional Medicine.
-  Deputy Head of Library: Associate Professor Hoang Dao Bao Tram, MD, PhD – Department of Dentistry
-  Editor-in-Chief of Ho Chi Minh City Journal of Medicine: Associate Professor Vuong Thi Ngoc Lan MD, PhD, Head of the Faculty of Medicine.
-  Deputy Editor-in-Chief of Ho Chi Minh City Medical Journal: Prof. Nguyen Duc Tuan, PhD, Deputy Dean of Faculty of Pharmacy.

Associate Professor. Phung Nguyen The Nguyen received the decision to appoint Head of Science and Technology Department.

Associate Professor. Vuong Thi Ngoc Lan received the decision to appoint Editor-in-Chief of Ho Chi Minh City Journal of Medicine.

PERSONNEL

Appointment and reappointment of faculty and department leadership positions

On March 21, during the faculty meeting, the Board of Deans of the Faculty of Medicine announced the decisions to appoint and reappoint the following positions:

Appointed the position of Head of the Department of Neurology for Dr. Tran Cong Thang MD PhD.

Re-appointment of the position of Head of the Department of Microbiology and Parasitology to Dr. Tran Thi Hue Van MD PhD.

Re-appointment of the position of Head of the Office, Faculty of Medicine for Dr. Nguyen Hoai Phong, MD MSc.

Lecturers receive appointment and reappointment decisions at faculty meetings.

PERSONNEL

Conference of key leadership of the Faculty of Medicine to get opinions and introduce candidates for leadership and management positions at the faculty and university level

On the afternoon of April 3, the Faculty of Medicine held a key staff conference to get opinions on introducing candidates for leadership and management positions at the faculty and university level.

Delegates attending the conference of key staff of the Faculty of Medicine.

Lecturers vote to introduce personnel.

PERSONNEL

Conference of key staff of the Faculty of Medicine on reviewing and supplementing the planning of faculty leaders for the 2021 – 2026 and 2026 – 2031 terms

On the afternoon of April 10, the Faculty of Medicine held a Key Staff Conference to review and supplement the planning of faculty leaders for the 2021-2026 and 2026-2031 terms.

Associate Professor, Dr. Huynh Nghia disseminates regulations and personnel.

Lecturers participated in voting to introduce additional personnel to the planning of faculty leaders and managers.

ADMINISTRATIVE NEWS

Register for the candidacy of Professor and Associate Professor in 2024

Departments, Centers, and Units under the Faculty of Medicine deploy and compile a list of candidates to send to the Faculty of Medicine Office.

Email: vpky.hctc@ump.edu.vn.

Deadline: before April 26, 2024.

TRAINING

Career counseling admission day 2024

The morning, April 14, University of Medicine and Pharmacy at Ho Chi Minh City organized the 2024 Career Admissions Consulting Day. More than 1,600 from high school students came to visit and listened to admission consulting. A large number of parents and students came to learn information at the consultation booth and visited locations of the Faculty of Medicine including the Department of Anatomy, the Experimental Surgery Room and the Advanced Training in Clinical Simulation.

Lecturers and students took photos at the consultation booth of the Faculty of Medicine.

The group of lecturers and students listened to an introduction to the Center for Advanced Training in Clinical Simulation.

Students visit the Experimental Surgery Room.

ASSESSMENT

Evaluation of graduation exam questions for the 2023–2024 academic year

From April 1 to April 15, exam review subcommittees organized an evaluation of the quality of graduation exam questions for the credit-based program and year-based program.

Subcommittee reviews the General Internal Medicine exam questions.

Subcommittee reviews the Internal Medicine 2 exam questions.

Subcommittee reviews the General Surgery exam questions.

Subcommittee reviews the Obstetrics and Gynecology exam questions.

Subcommittee reviews the Pediatrics exam questions.

TRAINING

Meeting for implementing clinical practice supervision

On the afternoon of April 17, 2024, the Board of Deans of the Faculty of Medicine met with the Training Management Team to implement a clinical practice supervision plan to ensure the quality of the training program.

POST-GRADUATE TRAINING

Meeting to review and appraise the outline of the CKI training program

On the afternoon of March 29, the Board of Deans of the Faculty of Medicine met with the departments to review and prepare for appraisal of the outline of the specialty training program I. According to plan, in April-May 2024, the departments of the Faculty of Medicine will organize the appraisal of all CKI Training Programs.

The departments participated in the meeting to review the CKI Training Program Outline.

The Faculty Board of Deans disseminates and explains the contents of reviewing the CKI training program outline.

CONTINUOUS TRAINING

Online multidisciplinary medical science conference Topic No. 23 "Diabetes detected during pregnancy: diagnosis and management"

On the morning of April 7, the Faculty of Medicine - UMP organized an online multidisciplinary medical science conference with the topic No. 23 "Diabetes detected during pregnancy: diagnosis and treatment" attracting more than 500 delegates to attend. This conference has the coordination of the fields of Endocrinology and Obstetrics in the diagnosis and treatment of Diabetes detected during pregnancy.

ENSURE QUALITY OF EDUCATION

Review the Self-Assessment Report of 04 Master's training programs in Internal Medicine – Surgery – Obstetrics – Pediatrics

On April 1 & 3, the Faculty of Medicine's Education Quality Assurance Unit, the Board of Deans of the departments and the groups writing self-evaluation reports of 04 Master's training programs met with Associate Professor. Le Quang Minh to review the self-assessment report of each training program preparing for AUN-QA accreditation.

Meeting to review the self-assessment report of the Master of Obstetrics and Gynecology training program.

Meeting to review the self-assessment report of the Master of Surgery training program.

Meeting to review the self-assessment report of the Master of Pediatrics training program.

Meeting to review the self-assessment report of the Master of Internal Medicine training program.

YOUTH UNION FACULTY OF MEDICINE

Competition to learn about French culture and history with the theme "Visit France season 4"

On March 23, the French Club - Youth Union of the Faculty of Medicine organized a competition to learn about French culture and history with the theme "Visit France season 4" for all UMP students who are interested in French culture to participate.

The competition aims to create conditions for students to have the opportunity to show their talent and passion for French and at the same time improve their French language through the challenges of the competition; Create a Francophone environment to encourage the spirit of learning, bringing French closer to non-major students through questions. At the same time, it is a bridge for exchange, exchange and learning in a French-speaking environment for students of UMP.

The organizers and teams took souvenir photos.

3 excellent teams reached the final of the competition

Đội Tứ Chấm

Đội HUTAI

YOUTH UNION FACULTY OF MEDICINE

Talkshow “Sleep”

On March 24, the Environment and Society Club – Youth Union of the Faculty of Medicine organized the Talkshow “Sleep” for all students of UMP.

The talkshow has provided medical knowledge about sleep and how to sleep properly and effectively, in terms of physiology; Raise awareness about the importance of sleep for human health, especially for medical students.

The organizers and students participating in the Talkshow took souvenir photos.

Students discuss in Talkshow.

YOUTH UNION FACULTY OF MEDICINE

"Voluntary Blood Donation" Program

On March 25, students of the Faculty of Medicine participated in the "Voluntary Blood Donation" program launched by UMP. The program aims to call for the spirit of solidarity, contributing our blood to help those in difficulty and need.

Students participate in voluntary blood donation.

UNION

Organize summer vacation for employees of the Faculty of Medicine

The Faculty of Medicine Union will organize a summer vacation for officials and workers in the Faculty of Medicine.

Expected location: Ninh Chu – Hang Rai – Vinh Hy Bay.

Estimated time: 03 days 02 nights during summer vacation, divided into 2 sessions:

 Phase 1: July 26–28, 2024.

 Phase 2: August 10–12, 2024.

Registration list sent to vpky.hctc@ump.edu.vn. Please send a copy signed by the Union Leader to the Faculty of Medicine Office before May 3, 2024.

INTERNATIONAL COOPERATION

Welcoming the delegation from Children's Hospital, Colorado School of Medicine (USA)

On the afternoon of March 18, the Department of Pediatric Surgery and the International Relations Team of the Faculty of Medicine welcomed Professor. Phuong Nguyen - Head of the Department of Pediatric Plastic Surgery and experts from Children's Hospital, Colorado School of Medicine (USA) visited and worked at the department. At the meeting, the two sides discussed a number of future cooperation contents on student exchange and scientific research.

Lecturers of the Department of Pediatric Surgery and professors of the Children's Hospital, Colorado Medical School took souvenir photos.

Lecturers of the Department of Pediatric Surgery and professors of the Children's Hospital, Colorado School of Medicine discussed.

INTERNATIONAL COOPERATION

Umea University students (Sweden) participate in a clinical course at the Department of Pediatrics – Faculty of Medicine

From April 1-12, 2024, a group of 11 students from Umea University (Sweden) participated in a clinical course at the Department of Pediatrics – Faculty of Medicine in conjunction with Children's Hospital 1. During the course, Umea University students receive dedicated guidance from instructors and participate in experiencing and learning about Vietnamese culture. At the end of the course, students were awarded a certificate of course completion by the representative of the Department of Pediatrics.

The representative of the Department of Pediatrics awarded certificates to students.

Umea students (Sweden) participate in clinical studies at the Department of Pediatrics in conjunction with Children's Hospital 1.

PROJECT

MEF Project - Workshop on building the first graduation exam question bank in 2024

On March 21-22, UMP coordinated with Yonsei University and MEF Project Office to organize a workshop to build the first graduation exam question bank of the Faculty of Medicine in 2024.

At the working sessions, Yonsei University and UMP shared the situation of developing graduation exam sets and building question banks of the Faculty of Medicine. Based on the discussion and comments, the workshop proposed procedures and measures to develop highly valid and reliable questions, aiming to contribute to improving quality and reliability. effective assessment of learner capacity.

Lecturers from UMP and Yonsei University participated in the conference and took souvenir photos.

S. Shinki An - YONSEI University presented at the conference.

PROJECT

MEF Project – Developing digital teaching materials

On the afternoon of March 21, the Faculty Board of Directors met with representatives of the departments of Internal Medicine, Surgery, Obstetrics, Pediatrics, Neurology, Orthopedics, Resuscitation-Emergency-Poison Control to disseminate related contents to deploy digital teaching materials, supporting students' self-study.

The Board of Deans discussed with departments on how to implement digital teaching materials.

SCIENTIFIC RESEARCH

Discussion meeting to promote scientific research among students

On the afternoon of April 17, the Board of Directors of the Faculty of Medicine met with the Scientific Research Team of the Faculty of Medicine to discuss a project to promote scientific research among students.

SCIENTIFIC CONFERENCE

The 40th Science and Technology Conference of UMP in 2024

Within the scope of the 40th Science and Technology Conference with the theme "40 years of achievements and development of science and technology" of UMP, on the morning of March 31, four themed sessions of The Faculty of Medicine took place successfully, attracting nearly 1,200 delegates to attend.

This year, at the 40th Scientific and Technical Conference, the Faculty of Medicine participated in 04 thematic sessions with 22 scientific presentations organized in the form of multidisciplinary coordination in comprehensive health care.

The Chairs and Presenters of session 1

The Chairs and Presenters of session 2

The Chairs and Presenters of session 3

The Chairs and Presenters of session 4

Session 1: Approach to early diagnosis of allergic diseases and immune disorders with the participation of presenters from the Department of Physiology - Pathophysiology - Immunology, Dermatology, Hematology, Geriatrics and the Allergy and Clinical Immunology Clinic of the University Medical Center.

Session 2: Update on diagnosis and treatment of common diseases in the older adults with the participation of presenters from the Departments of Geriatrics, Neurology, Obstetrics, Endocrinology and Allergy - Immunology Clinic at the University Medical Center.

Session 3: Challenges and advances in the diagnosis, treatment and prevention of wheezing in children with the participation of lecturers in the Department of Pediatrics and in particular, with the participation of the People's Physician - Dr. Bach Van Cam, Former President of the Ho Chi Minh City Emergency Resuscitation Association, senior advisor at Children's Hospital 1.

Session 4: Update on diagnosis and treatment of common health problems in primary care with the participation of presenters from the Family Doctor Center, Department of Endocrinology and Professor. PhD. Duong Quy Sy, Principal of Lam Dong Medical College, Chairman of the Vietnam Sleep Medicine Association.

CONFERENCE

The 28th Youth Science and Technology Conference 2024

On March 29, the Scientific Research Club of students of the Faculty of Medicine in collaboration with the Youth Union of UMP and the Department of Science and Technology successfully organized a Student Session within the framework of the 28th Youth Science and Technology Conference. The conference attracted nearly 200 students and presenters.

The presenters of the Faculty of Medicine won awards at the 28th Youth Science and Technology Conference

FIRST PRIZE

-  **Dr. Nguyen Thi Mai Anh, MD, PhD** — Department of Pediatrics "Lymphocyte subsets change and protein expression related to lymphocyte in hemophagocytosis lymphohistiocytosis of children".
-  **Mr Nguyen Doan Hoang Giang, MSc** — Student "Evaluating the results of microsurgery for pineal gland tumors in children".
-  **Dr. Lam Kien Thanh, MSc** — Student "Evaluating the results of microsurgery for pineal gland tumors in children".
-  **Mr. Mai Trong Tri, MSc** — Student "Surveying the incidence and relationship between chronic kidney disease and retinopathy in patients with type 2 diabetes".

SECOND PRIZE

-  **Dr. Tran Minh Huy, MD, PhD** — Department of Neurosurgery "Gamma Knife radiosurgery treatment of cerebral arteriovenous malformations, 15 years of experience at Cho Ray hospital".
-  **Dr. Hua Nguyen Anh Thu, MSc** — Student "Progression of amplitude-integrated electroencephalography and neurological outcome in neonates with hypoxic-ischemic encephalopathy".

THIRD PRIZE

-  **Ms. Tran Huynh Trung Nhu, MSc** — Department of Obstetrics and Gynecology "A retrospective cross-sectional study on the prevalence of adverse perinatal outcomes and its associated factors in fetuses with late-onset fetal growth restriction".
-  **Ms. Lam Tu Huong, MSc** — Department of General Internal Medicine "Validation of a CHAMPS score for predicting in-hospital outcomes in patients with non-variceal upper gastrointestinal bleeding".
-  **Dr. Bui Hoang Tuan Dung, MSc** — Student "Results of surgery for unruptured anterior parasphenoidal internal carotid artery aneurysm: comparison with and without ICG".

CONSOLATION PRIZES

-  **Mr Le Thai Minh Hieu, MSc** — Student "Application of improved Van Herick technique combined with Image software in assessing the anterior chamber angle".

7th NUHS-Harvard BIDMC Internal Medicine Conference

7TH NUHS-HARVARD BIDMC INTERNAL MEDICINE CONFERENCE 2024

Health for All, Everyone, Everywhere

31 May – 1 June 2024

NUHS Tower Block, Level 1 Auditorium

The National University of Singapore (NUS) announces the 7th edition of the NUHS-Harvard BIDMC Internal Medicine Conference to be held on May 31 – June 1, 2024. 02 Faculty of Medicine lecturers will be sponsored to attend this conference. The grants include airfare and accommodation.

EVENT HIGHLIGHTS

DAY ONE

- Opening Plenaries: Population Health and Quality Improvement
- Metabolic Symposium: Obesity, Diabetes
- Gastroenterology Symposium: Hepatitis, Gastrointestinal bleeding
- Respiratory Symposium: Evaluating lung nodules, Tuberculosis
- Clinical Reasoning Symposium: Experts vs Generative AI in diagnosing cases

DAY TWO

- Opening Plenary: Microbiome, Man and Medicine
- Clinical Conundrum: Challenging Cases
- Stroke Prevention, Detection and Rehabilitation
- AI adoption in Medicine
- Approaching Palliative Care

ANNOUNCEMENT – SCHOLARSHIP

Support program to improve the capacity of students and lecturers from CNF-CEF

Within the framework of the program to support capacity building of students and lecturers through the network of the Center for Francophone Education Technology (CNF) and the Center for Francophone Careers (CEF) of AUF, the CNF Center - CEF HCM would like to send list of support topics, version 1, applicable from November 2023, reference information in the red QR.

Topic list includes:

-  **9 topics for students**, in 4 fields: Consulting and guidance on finding jobs; Fostering and training complementary capacities; Professional Certification; Startup incubation.
-  **10 topics for lecturers**, in 4 areas: General skills; Using IT in teaching; Using IT in research; Project manager.

Class opening time: from April 2024 - August 2024.

Steps:

-  1. Refer to the list.
-  2. The coordinator fills in the cooperation request form, 1 form per topic (**green QR code**).
-  3. The coordinator sends the completed, signed, and stamped form (scanned copy) to Ms. Nguyen Thi Huong (nguyen.thi.huong@auf.org).
-  4. AUF will contact officials to discuss details.

ANNOUNCEMENT – SCHOLARSHIP

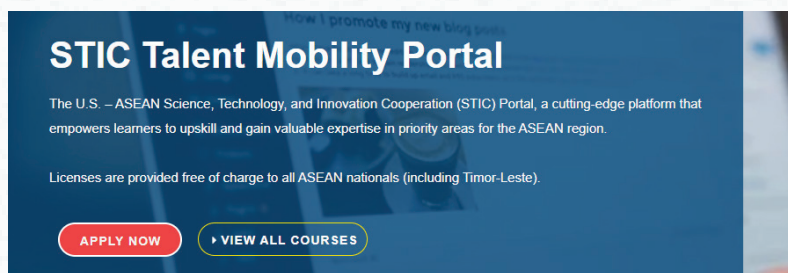

STIC Talent Mobility Portal/ASEAN Online Education Platform for Industry 4.0 program

Organizational units

🌸 The ASEAN Committee on Science, Technology and Initiatives (COSTI) coordinates with the Bureau of East Asia and Pacific Affairs - US Department of State (EAP), Arizona State University (ASU).

Content

🌸 Breakthrough learning portal with access to advanced courses and skills training compiled by top universities in the US (please scan **the orange QR code**).

🌸 35 outstanding students from each Science and Technology (S&T) or Entrepreneurship and Innovation (E&I) module will have the opportunity to present their innovations at the conference in Laos on July 2024.

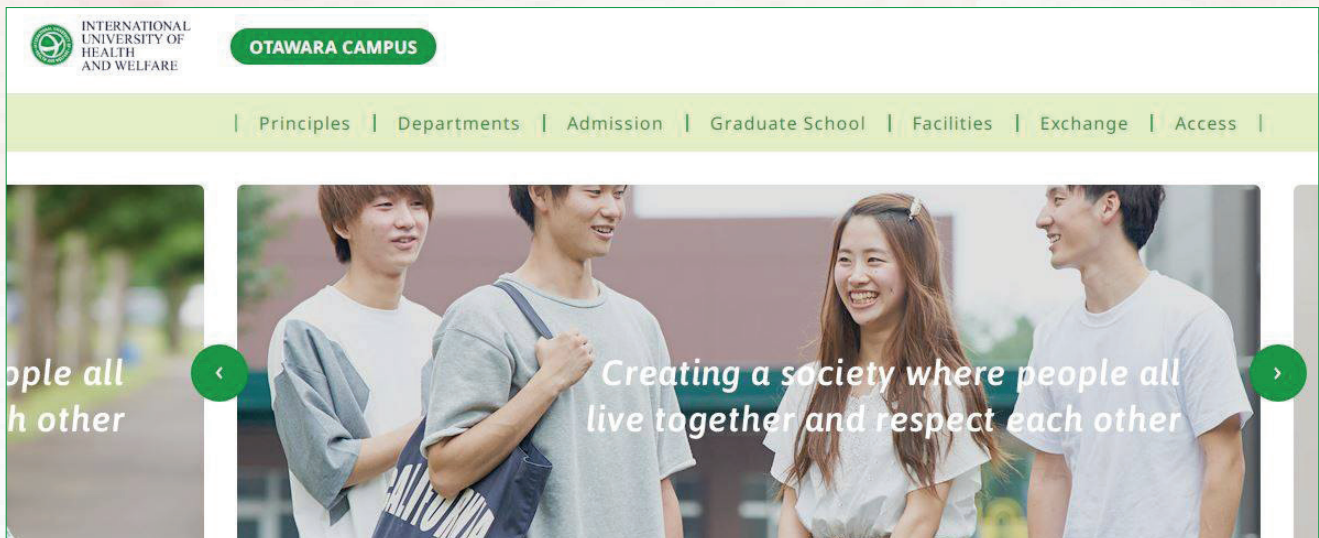

🌸 Students participating in the course also have the opportunity to apply for funding with a total budget of 100,000 USD (for detailed program, please scan **the green QR code**).

ANNOUNCEMENT – SCHOLARSHIP

International University of Health and Welfare Japan Full Scholarship for Y2023 Students (International University of Health and Welfare – IUHW)

1. Subject:

- 🌸 Student Y2023.
- 🌸 Belonging to the top 30 students with high results in the class.
- 🌸 Foreign language proficiency: IELTS score of 6.0 or higher or equivalent.

2. Admission method: Take Math, Science, English tests; Interview in English or Japanese.

3. For registration information, please scan the QR code.

4. Application deadline

- 🌸 Deadline to submit scanned copies to the Faculty of Medicine: May 3, 2024.
- 🌸 Estimated time for entrance exam and interview (conducted by IUHW): September 2024.

ANNOUNCEMENT – RESEARCH FUND

Some medical collaborative research funding programs of the British Ministry of Health

Information from the British Embassy: a number of medical cooperation research funding programs of the British Ministry of Health.

1. Global Health Research Development Award

🌷 Total funding: £100,000 for 12-month projects.

🌷 Deadline: May 15, 2024.
