Appointment and reappointment of department and center leaders of the Faculty of Medicine

On August 22, at the faculty meeting, the Faculty Board announced the following decisions:

- Appointed to the position of Head of Department of Plastic Surgery - Aesthetics (concurrently): Associate Professor, Dr. Pham Hieu Liem.
- Re-appointment to the position of Head of General Surgery Department: Associate Professor, Dr. Nguyen Van Hai.
- Re-appointment to the position of Head of the Department of Pharmacology: Associate Professor, Dr. Dinh Hieu Nhan.
- Re-appointment to the position of Deputy Head of General Surgery Department: Associate Professor, Dr. Nguyen Hoang Bac.
- Re-appointment to the position of Deputy Head of General Surgery Department: Associate Professor, Dr. Phan Minh Tri.

Lecturers receive appointment and reappointment decisions.

- During the meeting, the leaders of the departments, units and centers of the Faculty of Medicine congratulated Associate Professor, Dr. Vuong Thi Ngoc Lan on her new assignment - Vice Principal of Ho Chi Minh City University of Medicine and Pharmacy.

The collective leadership of the faculty, department, unit and center took a souvenir photo.

ADMINISTRATION – ORGANIZATION

Evaluation and classification of collectives and individuals for the 2023-2024 academic year

Sections to note the conditions for rating and evaluation:

1. The evaluation and classification of civil servants for the 2023-2024 academic year will be conducted for all lecturers in the department, including lecturers working at units 70% of the time.
2. Units with employees signing contracts of less than 6 months must complete a self-criticism form.
3. In cases of unpaid leave from 3 months to less than 6 months, the assessment will still be conducted but the quality will not be classified as completing the task well.
4. Cases of assessment and classification based on work results and study results: VC-NLĐ sent to study and receive training from 6 months to less than 12 months and VC-NLĐ sent to study under the work-study system, VC-NLĐ sent to study long-term and concentrated for 5 months or more.
5. VC-NLĐ who are being sent for long-term training of 12 months or more will be evaluated and classified based on their learning results and attitude towards compliance with regulations at the training facility.

TEST

Graduation meeting

On the afternoon of September 10, the Faculty Board, Training Management Team, and the Office of the Faculty of Medicine met with lecturers representing the departments to summarize the graduation course. This is a regular activity to improve the quality of modules/courses at the Faculty of Medicine. The lecturers reviewed student feedback on how to organize the graduation course, how to organize the graduation exam, and the graduation exam for the 2023-2024 academic year, discussed and proposed some improvements so that the graduation course can be organized better and better.

During the meeting, the Faculty of Medicine Examination also presented an analysis of the graduation exam questions. The departments will review and rewrite the poor questions and send them back to the Faculty of Medicine Examination before December 15, 2024.

Lecturers meet to summarize the graduation semester.

POSTGRADUATE TRAINING

Meeting of the Science and Technology Council to review the output standards and training framework for Masters and Doctors of CKI

On the afternoon of August 26, the Faculty of Medicine's Training Science Council held a meeting to review the Output Standards and the Training Framework for Masters and CKI Doctors. At the meeting, the Council listened to the Deans of the Faculty present a summary of the content of the Master's and CKI Doctors training programs, output standards and updated and revised content. The Council made comments to adjust some content and unanimously approved the Output Standards and the Training Framework for Masters and CKI Doctors.

The Faculty of Medicine's Science and Training Council assesses the output standards and training framework for Masters and CKI Doctors.

POSTGRADUATE TRAINING

Training on using postgraduate training software

On the afternoon of September 4, the Faculty of Medicine Board of Directors and the Faculty of Medicine's Postgraduate Management Team organized a training session on using postgraduate training software for lecturers, academic staff and clerical staff of the departments to use the software more effectively in postgraduate training.

Lecturers, academic staff and clerical staff of departments participate in training on using postgraduate software.

QUALITY ASSURANCE

Meeting to review the self-assessment report of the Master's training program in Internal Medicine – Surgery – Obstetrics – Pediatrics, English version

On the afternoon of August 21, the Faculty Board held a meeting with the Education Quality Assurance Unit of the Faculty of Medicine and lecturers in charge of writing the Self-Assessment Report of the 4 Master's training programs: Internal Medicine – Surgery – Obstetrics – Pediatrics to review and agree on important contents in the Self-Assessment Report according to AUN-QA standards in English. For information used in common for the 4 Master's training programs, the Education Quality Assurance Unit will be responsible for drafting and synthesizing. For specific information for each program, the report writing group members will edit according to the comments of the previous Appraisal Council and gather sufficient evidence to complete the Self-Assessment Report and submit it to the Education Quality Assurance Unit before September 17.

QUALITY ASSURANCE

Discussion with the Western Pacific Association for Medical Education (WPAME) on developing a set of standards for accreditation of medical doctoral programs according to WFME standards

On September 11, the Project Implementation Board for Accreditation of Medical Doctor Programs and the Center for Accreditation of Education Quality of Ho Chi Minh City National University (CEA) had an online discussion with the Western Pacific Association for Medical Education (WPAME) on the development of Guidance and Key questions of the WFME Accreditation Standards for Medical Doctor Programs in the context of Vietnam.

Lecturers in the exchange with WPAME.

STUDENT WORK

Meeting to review cases of students who may be subject to academic warning

On the afternoon of August 29, the Faculty Board held a meeting with the Training Management Team of the Faculty of Medicine Office to review cases of students who may be subject to academic warnings in order to find solutions to support students in completing outstanding credits and improving their academic performance in the new academic year.

Lecturers attended the meeting.

STUDENT WORK

Citizenship and Student Activities Week for New Students, 2024 – 2025 Academic year

On September 5 and 6, 400 new students of the Faculty of Medicine, University of Medicine and Pharmacy, Ho Chi Minh City participated in the first week of civic activities, learning about the faculty, school and major to prepare themselves mentally for the new academic year in a new environment.

The Citizen - Student Activity Week is an annual activity organized by the University of Medicine and Pharmacy, Ho Chi Minh City to raise students' awareness of the Party's guidelines and policies, the State's policies and laws; Provide students with timely and adequate basic and necessary information on the domestic and international economic, political and social situation; Help students understand the rights, obligations and sense of responsibility of citizens - students through propaganda, dissemination and education of laws, regulations and rules on training, policies, rewards and disciplines on student work.

At the same time, this is also an opportunity for the school to introduce, disseminate and provide, equip new students with all necessary information such as regulations, training regulations, scoring methods, learning about faculties, majors, etc. to have thorough preparation before entering the academic year.

Representatives of the Faculty of Medicine meet with new students.

STUDENT WORK

Training for Academic Advisors for the 2024-2025 academic year

On September 10, 11 and 13, the Faculty of Medicine organized a training course for the academic advisor group for the 2024-2025 academic year. Attending the training course were MSc. Nguyen Hoai Phong - Head of the Faculty Office and lecturers who are academic advisors for the 2024-2025 academic year, block Y2024. With practical content, close to the reality of the Academic Advisor work being implemented, the training course clarified the responsibilities of lecturers in the Academic Advisor work, proposed a number of solutions to solve problems arising in the process of performing the advisory task, and at the same time encouraged the spirit of completing the tasks well of the team of lecturers doing Academic Advisor work.

Lecturers participating in the training of academic advisors took a souvenir photo.

Lecturers attending training on September 10.

Lecturers attending training on September 11.

Lecturers attending training on September 13.

Medical Alumni Liaison Committee Meeting

On the afternoon of September 11, the Medical Alumni Association met to strengthen its team and discuss future plans. The Medical Alumni Association will organize a White Blouse Music Night on September 28, 2024 to support scholarships for Resident Doctors in specialties that are difficult to recruit.

Medical Alumni Liaison Committee Meeting.

YOUTH UNION

Welcome New Students Y2024

On September 4, the Faculty of Medicine Youth Union actively participated in supporting the reception of incoming students, answering questions and helping new students of the Y2024 course integrate into the new environment.

Medical students help welcome new students.

DOMESTIC COOPERATION

Memorandum of Understanding (MOU) signing ceremony with the Center for Medical Education and Medical Skills Training, Can Tho University of Medicine and Pharmacy

On the afternoon of September 6, the Advanced Training Center for Clinical Simulation (ATCS), Faculty of Medicine – University of Medicine and Pharmacy, Ho Chi Minh City held a signing ceremony of a comprehensive cooperation agreement (MOU) with the Center for Medical Education and Medical Skills Training, Can Tho University of Medicine and Pharmacy. The signing ceremony marked an important milestone, opening a new phase in the cooperative relationship between the two units.

Representatives of the two centers shook hands after signing the memorandum of cooperation.

Souvenir photo.

INTERNATIONAL COOPERATION

Online meeting with Prof. Ho Hoi and Prof. Ho Kim Tuyen on the signing of the 3rd MOU

On August 19, Prof. Dr. Tran Diep Tuan - Chairman of the University Council, Board of Directors and Faculty of Medicine met with Prof. Ho Hoi and Prof. Ho Kim Tuyen - Texas Tech University El Paso, USA (TTUHSC EP) to discuss the contents of the upcoming MOU signing (the 3rd MOU between Ho Chi Minh City University of Medicine and Pharmacy and Texas Tech University El Paso).

Lecturers discussed the contents of cooperation in the MOU.

INTERNATIONAL COOPERATION

Meeting with faculty and students studying at International University of Health and Welfare, Japan (IUHW)

On September 9, the Board of Directors, the Board of Management and the Office of the Faculty of Medicine met with Vietnamese students who are about to graduate from the Medical Doctor program at the International University of Health and Welfare, Japan, according to the agreement signed between Vietnam and Japan. The lecturers and students discussed their return plans, career orientation and postgraduate studies at the University of Medicine and Pharmacy, Ho Chi Minh City.

Lecturers and students meet online.

INTERNATIONAL COOPERATION

Delegation of lecturers from Faculty of Medicine – University of Medicine and Pharmacy, Ho Chi Minh City visited and studied at International University of Health and Welfare (IUHW), Japan

From August 19-30, a delegation of lecturers from the Faculty of Medicine – University of Medicine and Pharmacy, Ho Chi Minh City visited and studied at IUHW.

During the trip, the delegation attended a seminar at IUHW Hospital in Tochigi Prefecture on the Japanese healthcare system and welfare system, visited the hospital systems and welfare facilities of IUHW Hospital; attended a seminar and visited the medical facilities of the IUHW Group in Tokyo and Chiba Prefecture. Observed the operation of the private healthcare system in Japan. In addition, the delegation also participated in cultural exchange activities at IUHW and in Japan.

Delegation to study the Japanese healthcare system
at IUHW Hospital in Tochigi province.

Visit to IUHW's Nursing Home Welfare Facility
in Tochigi Prefecture.

Attended the welcome dinner at IUHW Tochigi facility,
with the participation of the Hospital Director, Governor
of Tochigi Prefecture and representatives of
the hospital's clinical departments.

Visit the Special Education Center for children with
mental health problems and disabilities.

Visit
Mita Hospital,
Tokyo.

CONFERENCE

The 3rd Interdisciplinary Medical Conference “Interdisciplinary Cooperation – Comprehensive Health”

On September 21, the Faculty of Medicine – University of Medicine and Pharmacy, Ho Chi Minh City, in collaboration with the Center for Training Medical Human Resources according to Social Needs, organized the 3rd Interdisciplinary Medical Conference with the theme “Interdisciplinary Cooperation – Comprehensive Health” attracting more than 1,000 delegates.

The conference was honored to welcome Associate Professor, Dr. Ngo Quoc Dat, Vice Principal in charge, Associate Professor, Dr. Nguyen Van Chinh – Vice Principal, Associate Professor, Dr. Vuong Thi Ngoc Lan – Vice Principal of Ho Chi Minh City University of Medicine and Pharmacy and more than 1000 delegates who are leading experts, lecturers, doctors, pharmacists from many domestic and international units, including: National University of Singapore, Ho Chi Minh City University of Medicine and Pharmacy, Ho Chi Minh City University of Medicine and Pharmacy Hospital, Bach Mai Hospital, Cho Ray Hospital, My Duc Hospital, professional associations and pharmaceutical companies.

This is an annual activity of the Faculty of Medicine organized in the form of interdisciplinary cooperation for lecturers and doctors to share professional knowledge, experience, update knowledge and new treatment techniques in Medicine to provide comprehensive health care for the people. This year, the 3rd Interdisciplinary Medical Conference has 1 plenary session, 22 specialized and interdisciplinary sessions, 47 chairpersons and 123 reporters.

Assoc.Prof.Dr. Vuong Thi Ngoc Lan
- Vice Principal delivered a welcome
speech at the conference.

Dr. Tran Cong Thang
- Deputy Head of Faculty of
Medicine delivered the opening
speech of the conference.

Delegates attending the plenary session of the conference.

Prof. Matt Kemp - Department of Obstetrics and Gynecology, National University of Singapore reported "Modern technologies in detecting and managing high-risk pregnancies and premature babies" in the plenary session.

Dr. Tran Hoa - Head of the Endovascular Intervention Unit reported "Obesity - a risk factor for cardiovascular disease and stroke" in the plenary session.

Dr. Do Anh Toan - Department of Urology reported "Prostate biopsy: Updated guidelines and results of technical transfer in 5 years" in the Urology session.

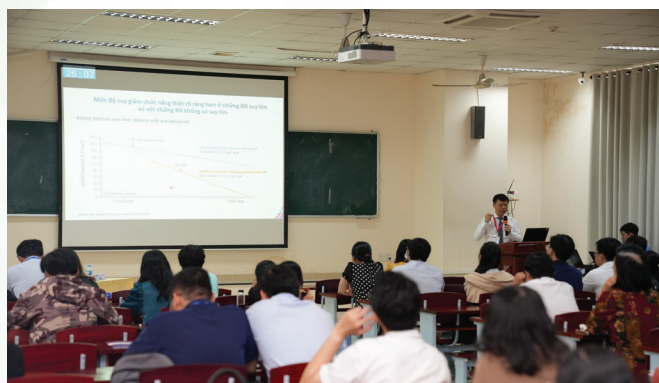

Assoc. Prof. Dr. Hoang Van Sy - Head of General Internal Medicine Department presented flowers to the plenary session reporter.

Dr. Tran Cong Thang - Deputy Head of the Faculty of Medicine reported "Effective control of dizziness in the acute and recovery phases" in the Neurology session.

Assoc. Prof. Dr. Huynh Nghia - Deputy Head of the Faculty of Medicine reported on "Blood groups, principles of blood transfusion and challenges in blood transfusion in children and newborns" in the Hematology - Pediatrics session.

Assoc. Prof. Dr. Nguyen Van Tan - Head of Geriatrics Department reported "Heart failure and chronic kidney disease in the elderly: challenges and opportunities from new advances" in the Geriatrics - Endocrinology session.

Assoc. Prof. Dr. Le Hong Cam - My Duc Hospital reported "Cervical suturing, cervical pessary placement in the prevention of premature birth" in the Obstetrics session.

Prof. Dr. Matt Kemp – National University of Singapore reported "Use of antenatal steroids and the importance of evidence-based medicine" in the Obstetrics session.

Dr. Tran Dang Ngoc Linh - Head of Oncology Department reported "Treatment of endometrial cancer according to biological subgroups. Recent advances" in the Cancer session.

Dr. Huynh Ngoc Diem - Department of Endocrinology reported "Update on diagnosis of Cushing's syndrome" in the Endocrinology session.

Assoc. Prof. Dr. Ngo Xuan Thai - Head of Urology Department reported "The role of LHRH agonists in the treatment of prostate cancer - 30 years of clinical practice in Vietnam" in the Urology session.

Assoc. Prof. Dr. Pham Hieu Liem - Head of the Department of Cosmetic Surgery reported on "Cosmetic surgery after burns" in the Dermatology - Cosmetic Surgery session.

Assoc. Prof. Dr. Van The Trung - Head of Dermatology Department chaired the Dermatology - Cosmetic Surgery session.

Dr. Vo Hong Minh Cong - Deputy Director of Gia Dinh People's Hospital reported "GERD: optimizing medical treatment with acid-suppressing drugs" session of Internal Medicine - General Surgery.

Assoc. Prof. Dr. Quach Trong Duc - Deputy Head of General Internal Medicine Department reported "GERD: medical treatment with drugs not in the group of acid-resistant drugs" session of Gastroenterology - General Surgery.

Chair and reporter of General Surgery session
- Internal medicine.

Dr. Le Huu Thien Bien - Department of Emergency Resuscitation and Anti-Poisoning reported "Blood sugar control at the Department of Emergency Resuscitation and Anti-Poisoning" in the Endocrinology - Emergency Resuscitation and Anti-Poisoning session.

MSc. Dr. Tran The Trung - Department of Endocrinology reported "Hyperglycemia and outcomes in critically ill patients at the Emergency Resuscitation and Anti-Poisoning Department" in the Endocrinology - Emergency Resuscitation and Anti-Poisoning session.

The Chair and reporters of the Endocrinology - Emergency Resuscitation and Anti-Poison session.

Assoc. Prof. Dr. Nguyen Hoai Nam - Department of Cardiovascular Thoracic Surgery reported "Evaluation of mid-term results of treating chronic superficial varicose veins of the lower limbs with endovascular laser" in the session of Thoracic Surgery - Cardiovascular.

Dr. Tran Thanh Vy - Department of Cardiovascular Thoracic Surgery reported "Update on new advances in the treatment of operable stage non-small cell lung cancer" in the session of Thoracic Surgery - Cardiovascular.

Assoc. Prof. Dr. Nguyen Minh Anh - Deputy Head of the Department of Neurosurgery reported "Normal pressure water head: treatment solutions" in the Neurosurgery session.

Dr. Pham Anh Tuan - Head of Neurosurgery Department reported "Spinal screw surgery in osteoporosis patients: a solution to limit complications" in the Neurosurgery session.

Assoc. Prof. Dr. Nguyen Thi Thanh - Department of Anesthesia and Resuscitation reported "Prevention of pneumonia for patients on ventilators in Surgical Resuscitation" in the Anesthesia and Resuscitation session.

Assoc. Prof. Dr. Cao Thanh Ngoc - Department of Geriatrics reported "Update on treatment of gouty arthritis in the elderly" in the Geriatrics - Endocrinology session.

MSc. Dr. Ho Manh Tuong - HOSREM reported "Issues in diagnosing polycystic ovary syndrome" in the Obstetrics - Endocrinology session.

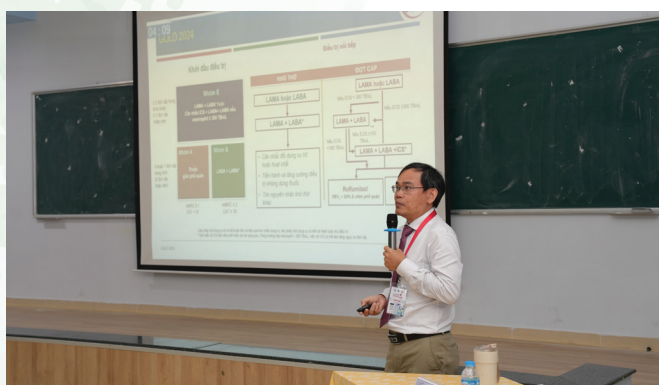

Assoc. Prof. Dr. Tran Quang Nam - Department of Endocrinology reported "2023 Clinical Guidelines on Polycystic Ovary Syndrome" in the Obstetrics - Endocrinology session.

Assoc. Prof. Dr. Cung Thi Tuyet Anh - Oncology Department reported "The role of radiotherapy in liver cancer" in the Cancer session.

Assoc. Prof. Dr. Pham Le An - Family Doctor Center reported "Chronic disease management model in primary care with HER PHR Family Medicine" in the Family Medicine session.

Assoc. Prof. Dr. Nguyen Nhu Vinh - Deputy Head of Family Medicine Center reported "Update on asthma and COPD management in primary care" in the Family Medicine session.

Dr. Le Buu Chau - Head of the Department of Infectious Diseases reported "Treatment of Klebsiella pneumonia infection" in the session on Infection - Microbiology - Parasitology.

Assoc. Prof. Dr. Hoang Van Sy - Head of General Internal Medicine Department reported "Atrial fibrillation and coronary artery disease: what is the optimal antithrombotic strategy?" in the Cardiovascular session.

Dr. Nguyen Hoang Hai - Director of Gia Dinh People's Hospital reported "Atrial fibrillation and diabetes: not just stroke prevention" in the Cardiovascular session.

Dr. Le Tuan Anh - Cho Ray Hospital reported "Treatment of early stage non-small cell lung cancer: yesterday, today and tomorrow" in the Respiratory - Cancer session.

Assoc. Prof. Dr. Pham Cam Phuong - Bach Mai Hospital reported "All patients with locally advanced lung cancer should receive simultaneous chemotherapy and radiation therapy, immune-enhancing therapy, and targeted therapy" in the Respiratory - Oncology session.

Dr. Ly Xuan Quang - Head of the Department of Otolaryngology reported "Laryngopharyngeal reflux and GERD: the perspective of an ENT specialist" in the session Internal Medicine - Pediatrics - Otolaryngology.

Assoc. Prof. Dr. Nguyen Anh Tuan - Deputy Head of Pediatrics Department reported "GERD in children" in the session of Internal Medicine - Pediatrics - Otorhinolaryngology.

MSc. Dr. Bui Thi Huong Giang - Department of Thoracic and Cardiovascular Surgery. reported "Surgical treatment of lung metastasis from colorectal cancer" in the Thoracic and Cardiovascular Surgery session.

MSc. Dr. Nguyen Huu Tuong - Department of Thoracic and Cardiovascular Surgery reported "Management of ruptured abdominal aortic aneurysm with hemodynamic disorders, from admission to resuscitation: clinical case report and literature review" in the Thoracic and Cardiovascular Surgery session.

NOTIFICATION

Asian Young Leaders Exchange Program 2025

1. Content of the exchange program

Learn about the Key Successes that have shaped one of Asia's most progressive nations, Singapore - a multi-racial, multi-lingual and multi-cultural society from many different perspectives.

Develop yourself to become effective future leaders.

Build friendships with young leaders around the world.

2. Program information: Singapore, from February 13 to February 17, 2025.

3. Registration - Participation Fee

Individuals apply on the website www.ayltlc.com.

Application deadline:

- Round 1: From September 5, 2024 to October 1, 2024.
- Round 2: From October 5, 2024 to December 1, 2024.
- Round 3: From December 5, 2024 to December 20, 2024.
- Result: January 25, 2025.

Expense:

- Application fee: 100 SGD.
- Program fee: SGD 980, including: hotel reception, camp materials (booklets, name tags, certificates, etc.), opening ceremony, closing ceremony, study session, travel session and presentation session, transportation (for relevant Travel Sessions and Study Sessions in Singapore), 4 nights accommodation (with breakfast), welcome lunch (opening ceremony), farewell lunch (closing ceremony), other services (materials for Team Bonding Session and Discussion Session). Airfare is not included.

ANNOUNCEMENT – SCHOLARSHIPS

Announcement from ASEA-UNINET Foundation

ASEAN-European
Academic
University Network

founded by Austria, Indonesia, Thailand and Vietnam in 1994

General information about scholarships

- ✳ Field: Medicine.
- ✳ Place of study: Austria.
- ✳ Candidate requirements: fluent in English or German.
- ✳ Sponsor: OeAD-GmbH.
- ✳ Apply online at: www.scholarships.at.
- ✳ Application deadline: 9/2024 – 3/1/2025.

1. Postdoctoral Fellowship

- ✳ Target: Postdoctoral fellows in the field of Medical teaching/research, up to 45 years old.
- ✳ Training time: 1-2 months.
- ✳ Sponsorship: 1,300 euros/month.

2. Postdoctoral Fellowship

- ✳ Subject: PhD related to teaching and research in the field of Medicine, maximum age 45.
- ✳ Training period: 4-9 months.
- ✳ Funding: 1,300 euros/month + approximately 1,200 euros travel expenses.

3. PhD Scholarship

- ✳ Target: Doctors, maximum 35 years old.
- ✳ Training period: 36 months.
- ✳ Funding: 1,300 euros/month + 1,200 euros travel expenses + 300 euros/month travel expenses.

ANNOUNCEMENT – SCHOLARSHIPS

ASIAN Research Cooperation Fund

2 scholarships for students of Ho Chi Minh City University of Medicine and Pharmacy.

Application deadline: October 18, 2024.

Dr. Pham Le Duy – Head of the International Cooperation – Scientific Research Group will support students to register to participate in research.

Please **scan the orange QR code** to register.

ISPF Networking Grants (£25,000/grant)

The programme is delivered by UK Academies, supporting the development of research collaborations between UK Universities and partners in all fields.

Application from: September 4, 2024.

Application deadline: October 23, 2024.
