## ADMINISTRATION – ORGANIZATION

### Meeting on development with departments

On the afternoon of December 10, the Board of Deans of the Faculty of Medicine, the Faculty Office, and professional groups met with the Board of Deans, undergraduate and graduate academic affairs of 3 departments: Microbiology – Parasitology, Anatomy, and Pharmacology to hear about the personnel situation and activities of the departments and at the same time provide timely directions to help the departments overcome difficulties in the coming time. This is the first meeting in the regular activities of the Board of Deans with the departments, which will be held every Tuesday afternoon.

## TRAINING Medical Doctor Training Program Development Council Meeting

On the morning of December 5, the Medical Doctor Training Program Development Council held a regular meeting to review the 2024 training program framework. At the meeting, members listened to feedback from students, alumni, and employers on the 2023 training program, thereby providing comments on adjustments to improve the program.

The Medical Doctor Training Program Development Council took a souvenir photo at the meeting.

Lecturers discussed in the meeting.

## TRAINING

### Pedagogy meeting of Practical Medical Module (POM) year 2

On the afternoon of December 6, the Board of Deans of the Faculty of Medicine met with the leaders of the Faculty Office, the Training Management Team, the Head of the POM Module, the Chairs of the Department of Internal Medicine and General Surgery, and the lecturers participating in teaching POM 2 subjects of Internal Medicine and General Surgery about the teaching of the POM Module in the second year. At the meeting, the parties reviewed the situation of medical practice at hospitals and health stations, listened to the opinions of lecturers participating in teaching and guiding students. At the same time, they discussed plans to improve the quality of the POM program and prepare a training plan for preceptors of the program.

Lecturers attend the POM meeting year 2.

## **CONTINUOUS TRAINING**

**December Multidisciplinary Medical** Science Conference "Treatment strategies for cardiovascular patients – Transformation for a younger and healthier heart and blood vessels"

## **QUALITY ASSURANCE**

Meeting with the Western Pacific Association for Medical Education (WPAME) on developing a set of standards according to WFME standards

On November 27, the team involved in developing the Procedures and Accreditation Process Guide for the Vietnamese Medical Standards of the University of Medicine and Pharmacy at Ho Chi Minh City, met with WPAME and the Center for Education Quality Assurance – Ho Chi Minh City National University to clarify and propose directions for adjusting the Procedures and Accreditation Process Guide for the Vietnamese Medical Standards.

Lecturers attend meeting with WPAME.

From November 11 to November 22, the French Club, Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City organized the program "Using AI in medicine and learning French" for students who love French. The program creates opportunities for exchange, discussion and learning in a French-speaking environment for students of University of Medicine and Pharmacy at Ho Chi Minh City with other universitys (University of Science and Technology, University of Social Sciences and Humanities, University of Economics ,... ).

## YOUTH UNION OF FACULTY OF MEDICINE Workshop "Golden Silk"

On November 16, the Youth Union of the Faculty of Medicine organized a workshop called "Golden Silk" which included activities such as making traditional items such as folding grasshoppers out of pandan leaves and conical hats to create a healthy playground, contributing to preserving traditional cultural values of the nation. The program created opportunities for students in the faculty to exchange, connect and raise awareness of preserving and promoting national cultural values.

# YOUTH UNION OF FACULTY OF MEDICINE Special activity of the Faculty of Medicine's Scientific Research Club "Study and Research Corner"

On December 7, the Faculty of Medicine Scientific Research Club (SRC), University of Medicine and Pharmacy at Ho Chi Minh City organized a regular seminar "Study and Research Corner". The seminar was held in the form of a live seminar in the lecture hall, with the participation of more than 50 students who are collaborators of the Club.

The content of the sharing revolves around the issue of forming and building ideas for student scientific research topics, with the participation of 3 reports:

- "Report on club members' activities at the 8th Medical Education Conference" by student Dang Le Minh Khang.
- "The current state of scientific research among students of the Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City in 2024" by student Nguyen Hoang Minh Tri.
- "Understanding the steps to carry out a research topic" by student Le Hoang Thien An.

After the meeting, 88% – 92% of students were satisfied or very satisfied with the content of the report. The club also collected questions and feedback from students participating in the meeting, as well as student needs for the next meeting. This is an important first step in forming a culture of feedback in the club's activities in particular and in student support activities in general.

## **IMPACTMED PROJECT**

### Training program on designing & implementing the 2nd Faculty Development program

Within the framework of the IMPACTMED Project, from November 25 to November 29, the Faculty Development Unit of the Center for Medical Education, Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City, in collaboration with BIDMC/HAIVN, organized a training program to design and conduct the second course of Faculty Development for lecturers from the following universities: Hanoi Medical University, Hai Duong University of Medical Technology, Da Nang University of Medical Technology and Pharmacy, University of Health Sciences - VNU-HCM, Can Tho University of Medicine and Pharmacy.

Assoc. Prof. Dr. Vuong Thi Ngoc Lan - Vice Principal of University of Medicine and Pharmacy at Ho Chi Minh City delivered a welcome speech to the course.

## INTERNATIONAL COOPERATION Meeting and exchange with Open Medical Institute (OMI), Republic of Austria

On November 26, the Open Medical Institute (OMI), Republic of Austria visited and worked at the Faculty of Medicine. The delegation was received by the Faculty Board and Prof. Dr. Pham Le An – Former Chair of the Family Medicine Center and lecturers sponsored by OMI to attend the Seminar in Austria. During the meeting, the two parties discussed cooperation opportunities in the fields of academics, medical training and scientific research.

Assoc.Prof.Dr. Phung Nguyen The Nguyen - Chair of Faculty of Medicine and lecturers received OMI organization.

## **INTERNATIONAL COOPERATION**

#### Students at Umea University, Sweden study clinical medicine in the departments of the Faculty of Medicine

From November 18 to December 13, a group of students from Umea University, Sweden participated in clinical training at the Department of Obstetrics and Gynecology (Hung Vuong Hospital) and the Department of Pediatrics (Children's Hospital 1), Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City. During the course, students not only studied but also visited and experienced the university's facilities and had cultural exchanges with Vietnamese students. At the end of the course, all students were satisfied with the results achieved.

Students visit the library of UMP.

Students met with Dr. Nguyen Hoai Phong - Chair of the Faculty Office and Vietnamese students.
