## Celebrating Vietnamese Teachers' Day

November 20 and honoring outstanding teachers

On the occasion of the 42nd anniversary of the Vietnamese Teachers' Day on November 20, on the afternoon of November 18, University of Medicine and Pharmacy at Ho Chi Minh City solemnly held a ceremony to honor the contributions of lecturers for medical education. At the ceremony, the university leaders honored lecturers with outstanding achievements and the Outstanding Lecturers. The Faculty of Medicine would like to congratulate the lecturers who received the title of Outstanding Lecturers this year.

Outstanding lifelong lecturer:  
Prof. Le Van Cuong, Department of Anatomy.

Outstanding lecturer at the Ministry level:  
Dr. Tran Thanh Vy, Department of Thoracic and Cardiovascular Surgery.

Outstanding lecturer at university level:  
Assoc. Prof. Nguyen Van Hai,  
Department of General Surgery.

Outstanding Faculty Lecturer:  
Assoc. Prof. Vo Duy Thong,  
Department of General Internal Medicine.

On this occasion, the Faculty of Medicine also congratulated and expressed gratitude to the previous leaders of the Faculty.

Faculty of Medicine leaders pay tribute to Prof. Nguyen Sao Trung - Former Head of Medical Faculty.

Faculty of Medicine leaders express gratitude Assoc.Prof. Chau Ngoc Hoa - Former Head of Faculty of Medicine.

# ADMINISTRATION – ORGANIZATION

## Conference of civil servants and employees in 2024

On the afternoon of October 30, the Faculty of Medicine held a conference for civil servants and employees in 2024 to summarize the 2023–2024 academic year and set out the direction of activities for the 2024–2025 academic year.

In the 2023 – 2024 academic year, the Faculty of Medicine has achieved the following outstanding achievements:

✿ **The Faculty has 4 groups and 14 individuals receiving certificates of merit from the Minister of Health.** In particular, in 2024, 03 lecturers were considered for the title of Outstanding Lecturer at all levels of University of Medicine and Pharmacy at Ho Chi Minh City and 01 lecturer was considered for the title of Outstanding Lecturer by the Ministry of Education and Training:

✿ **Lecturers considered for the title of Outstanding Lecturer of University of Medicine and Pharmacy at Ho Chi Minh City:** Prof. Le Van Cuong, Senior Lecturer, Former Head of Anatomy Department – Outstanding Lifetime Lecturer, Assoc. Prof. Nguyen Van Hai, Senior Lecturer, Head of General Surgery Department – Outstanding Lecturer at university level and Assoc. Prof. Vo Duy Thong, Senior Lecturer of General Internal Medicine Department – Outstanding Lecturer at faculty level.

✿ **Lecturer considered for the title of Outstanding Lecturer by the Ministry of Education and Training:** Dr. Tran Thanh Vy, Lecturer of the Department of Thoracic and Cardiovascular Surgery.

✿ The Faculty of Medicine **has been successful in training** with a total of 363 students recognized as graduating as Medical Doctors in the 2018 course, reaching 96.16%. Of which, the percentage of students achieving Good or higher grades is up to 94.4%.

✿ In addition, **continuing education has made many new advances**, continuing education courses of departments have increased in both quantity and quality, Multidisciplinary Medical CME is organized periodically every month attracting a large number of delegates to attend. In particular, the Multidisciplinary Medical Conference 2024 was successful with more than 20 multidisciplinary sessions organized, attracting more than 123 presenters and more than 1,000 delegates, including the participation of international presenter – Prof. Matt Kemp, Department of Obstetrics and Gynecology, National University of Singapore.

✿ **Regarding Scientific Research**, the Faculty has 198 articles published in domestic and international journals, of which 67 articles are published in prestigious international journals, accounting for 33.8%.

✿ **Regarding cooperation and projects**, the Faculty has officially joined the ASEAN Deans of Medical Sciences network. Expanded partnerships with the International University of Health and Welfare (IUHW), National University of Singapore (NUS), University of Tsukuba and Taipei Medical University (TMU) in student exchange; promoted cooperation with Harvard Medical School (USA), Geneva University School of Medicine (Switzerland) and Texas Tech University El Paso (USA) in curriculum innovation.

In addition to the achievements, in the 2023 - 2024 academic year, the Faculty of Medicine surveyed students' satisfaction with training quality, learning and internship environment with the results that 12 Departments and Modules received high student satisfaction indexes including:

- 🌹 Year 1: Module from Organs - Systems, Department of Embryology - Pathology.
- 🌹 Year 2: Department of Hematology, Department of Oncology.
- 🌹 Year 3: Department of Food Safety and Hygiene, Department of Endocrinology.
- 🌹 Year 4: Department of Health Management Organization, Department of Thoracic Surgery - Cardiovascular.
- 🌹 Year 5: Department of Neurosurgery, Department of Geriatrics.
- 🌹 Year 6: Department of General Surgery, Department of Pediatrics.

The conference also discussed and agreed on the direction of activities for the 2024-2025 academic year in four areas:

1. Education and training: integration and international standards.
2. Scientific research: practice and international integration.
3. Community service: raising the level of University of Medicine and Pharmacy.
4. University governance: autonomy and efficiency.

Lecturers attending the conference took a souvenir photo.

Also at the Conference, groups and individuals were honored to receive awards for their outstanding achievements in implementing plans and tasks of the academic year.

Departments honored to receive Certificates of Merit from the Minister of Health (Dermatology, Embryology - Pathology, Neurosurgery, Physiology - Pathophysiology - Immunology).

Individuals received Certificates of Merit from the Minister of Health.

Individuals who have achieved the title of institution excellence for 3 consecutive years receive a Certificate of Merit from the Rector.

Modules and Departments receive high student satisfaction index.

Lecturers received Medals for their contributions to education.

# ADMINISTRATION – ORGANIZATION

## University leaders meet with all specialists and support staff of the Faculty of Medicine

On October 28, the leaders of University of Medicine and Pharmacy at Ho Chi Minh City had a meeting with all specialists and support staff of the Faculty of Medicine to listen to and record the thoughts and aspirations of the staff before the Conference of Civil Servants and Employees of the entire Faculty held on October 30.

Prof. Tran Diep Tuan - Party Secretary, Chairman of the Council of University of Medicine and Pharmacy at Ho Chi Minh City announced the purpose of the staff meeting.

Specialists and support staff of the Faculty of Medicine participate in giving opinions on building the faculty and university.

# ASSESSMENT

## Portfolio adjustment and update meeting Contents Essential Clinical Issues of the Medical Doctor training program

From October 28 to November 22, the Faculty Board, together with the Assessment Unit and the Training Management Team of the Faculty of Medicine chaired meetings with the Board of Directors of the departments and core lecturers of the departments to review, adjust the list and update the content of essential clinical issues in the Medical Doctor Training Program.

Lecturers meet on essential clinical issues  
October 28.

Lecturers meet on essential clinical issues  
October 29.

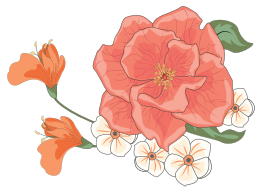

Lecturers meet on essential clinical issues  
October 31.

Lecturers meet on essential clinical issues  
November 4th.

## QUALITY ASSURANCE

### The 415th AUN-QA accreditation of 4 Master's programs in Surgery – Internal Medicine – Obstetrics and Gynecology and Pediatrics

From November 19-21, the AUN-QA Accreditation Team, including Prof. Alyssa Peleo-Alampay, Head of the Accreditation Team, and the main assessors: Assoc. Prof. Dr. Patricia M. Empleo, Assoc. Prof. Dr. Pornpun Prajaknate, Dr. Wan Ahmad Kamil, Assoc. Prof. Dr. Rodrigo D. Belleza Jr., Assoc. Prof. Dr. Ir. Aulia Siti Aisyah, Assoc. Prof. Dr. Pakorn Watanachaturaporn, Assoc. Prof. Dr. Achmad Wicaksono, and AUN-QA secretaries Soranee Chuyingsakultip and Kodchakorn Phaisitsrisawat, conducted the quality assessment of 4 Master's training programs of Surgery – Internal Medicine – Obstetrics / Gynecology and Pediatrics.

The Board of Rectors, assessors took photos with the leaders of the departments.

The AUN-QA assessment team conducted 28 interviews and 5 facility surveys to comprehensively assess the 4 Master's training programs.

The delegation took souvenir photos with lecturers of the Surgery Training Program.

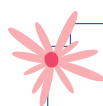

The delegation took souvenir photos with lecturers of the Internal Medicine Training Program.

The delegation took souvenir photos with lecturers of the Obstetrics and Gynecology Training Program.

The delegation took souvenir photos with lecturers of the Pediatrics Training Program.

At the closing ceremony, the AUN-QA External Evaluation Team presented the preliminary reports on the evaluation results of the training programs, in which all training programs were highly appreciated for their training program design, teaching and learning methods and student assessment that are compatible with the training objectives; The teaching staff, student support services, and facilities are suitable for training needs; Graduates satisfy the needs of employers and the labor market with a high employment rate after graduation. These are the conditions to ensure the quality of training programs according to the AUN-QA accreditation criteria. At the same time, the Assessment Team also proposed a number of areas that need to be improved for the training programs to improve the quality of the programs.

In her concluding remarks, Associate Professor, Dr. Vuong Thi Ngoc Lan – Vice Rector thanked the assessment team for their professional working spirit; the University acknowledged the comments and assessments on strengths and contents that need improvement and the University of Medicine and Pharmacy at Ho Chi Minh City committed to continuously improving the quality of training, affirming the values and position of the University in Vietnam, towards the international level. In addition, Associate Professor, Dr. Vuong Thi Ngoc Lan also thanked the relevant parties who participated in the interviews during the recent evaluation, especially the collective team of lecturers, support staff of the University, and the Faculty of Medicine who made efforts to complete the self-assessment and external assessment.

Closing Session of the 415th AUN-QA Training Program Evaluation.

# FACULTY DEVELOPMENT

## Graduation Ceremony of Advanced Faculty Development Program 3 (AFDP 3) and Signing of MOU 3 with Texas Tech Health Sciences Center at El Paso

On October 27, the graduation ceremony of the 3rd Advanced Faculty Development Program (AFDP 3) took place at Pham Ngoc Thach University of Medicine. AFDP 3 is part of the training cooperation framework between University of Medicine and Pharmacy at Ho Chi Minh City, Pham Ngoc Thach University of Medicine and Texas Tech University El Paso for the period 2022 - 2024 (MOU 2). In this graduation session, a total of 18 lecturers were qualified to graduate, including 09 lecturers from University of Medicine and Pharmacy at Ho Chi Minh City.

On the same day, the signing ceremony of MOU3 between University of Medicine and Pharmacy at Ho Chi Minh City, Pham Ngoc Thach University of Medicine and Texas Tech University at El Paso for the period 2025-2027 (MOU 3) also took place. MOU 3 aims to improve the evaluation capacity of lecturers, organize an evaluation system for universities, and prepare for the national exam to assess the capacity to issue practice certificates in 2027.

09 lecturers of University of Medicine and Pharmacy at Ho Chi Minh City received graduation certificates from the 3rd Advanced Lecturer Development course.

At the Graduation Ceremony, University of Medicine and Pharmacy at Ho Chi Minh City and the Health Sciences Center, Texas Tech University, El Paso signed the 3rd Memorandum of Understanding (MOU 3).

# STUDENT AFFAIRS

## White Coat Ceremony for Y2023 Students

"The white blouse is a symbol of the dedication and great responsibility that you carry on your shoulders, and at the same time, it is a symbol of the trust that society has in you." That was the advice of Dr. Tran Cong Thang - Deputy Dean of the Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City to more than 400 students of the Y2023 year at the White Blouse Ceremony on October 31.

Every year around the end of October, the Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City solemnly organizes the White Coat Ceremony for second-year medical students preparing to enter the hospital environment to practice with patients. The event is considered a good tradition, one of the important milestones marking the learning process of students.

Dr. Tran Cong Thang - Deputy Dean of Faculty, gave a message to students at the White Coat Ceremony.

More than 400 Y2023 students shouted the promise at the ceremony.

Lecturers put white coats on students.

## YOUTH UNION OF FACULTY OF MEDICINE

### Outstanding young lecturer of Ho Chi Minh City in 2024

Ho Chi Minh City Youth Union has honored 39 outstanding university lecturers with the title "Outstanding Young Lecturers of Ho Chi Minh City in 2024".

The Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City is proud to send congratulations to 02 comrades who have excellently achieved this noble title:

- ✿ **Dr. Nguyen Ngoc Tu, Lecturer of Department of Resuscitation - Emergency - Anti-poison, Faculty of Medicine.**
- ✿ **Dr. Ho Ngoc Loi, Lecturer at the Center for Advanced Clinical Simulation Training, Faculty of Medicine.**

"Outstanding Young Lecturers of Ho Chi Minh City" is a title given to lecturers under 35 years old who are not only excellent in their expertise but also creative in teaching, scientific research and have made meaningful contributions to the education sector. This is a worthy recognition for the efforts of lecturers to contribute and spread positive values.

ThS.BS. Nguyễn Ngọc Tú và ThS.BS. Hồ Ngọc Lợi chụp hình lưu niệm trong lễ vinh danh Nhà giáo trẻ tiêu biểu TP.HCM.

# YOUTH UNION OF FACULTY OF MEDICINE

## Faculty of Medicine Twinning Ceremony 2024

On November 9, the Faculty of Medicine Fraternity Ceremony with the theme "Brighten Up" took place solemnly, warmly, excitingly, attracting a large number of students to participate. This is an annual event that many generations of medical students look forward to the most with many cultural, sports and artistic activities to connect generations of medical students and welcome new students to the common home of the Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City.

The torch-passing ceremony in the Fraternity Ceremony.

Student performance in the final night of the Fraternity Ceremony.

Assoc. Prof. Phung Nguyen The Nguyen -  
Dean of the Faculty of Medicine and  
Dr. Huynh Ho Ngoc Quynh - Head of Student Affairs  
Department awarded the 5 good students.

Assoc.Prof. Huynh Nghia - Deputy Dean of Faculty of  
Medicine awarded 5 good students.

The ceremony attracted  
a large number of  
medical students.

# YOUTH UNION OF FACULTY OF MEDICINE

## Minigame "Gắm son"

From October 24-31, students of the Faculty of Medicine actively participated in the Minigame "Gam Son" organized by the Youth Union of University of Medicine and Pharmacy Ho Chi Minh City. The program created a healthy, exciting, and useful atmosphere, while also providing students with knowledge about the importance of preserving and promoting national cultural values. 🌻

Medical students participate in the program.

# YOUTH UNION OF FACULTY OF MEDICINE

## Career Counseling Day 2024

On November 10, the Youth Union of the Faculty of Medicine organized the 2024 Career Guidance Day for students in the faculty. The program provides recent graduates and students with knowledge of laws, professional regulations, and future career development trends.

Speakers participating in the program receive thank you letters.

Guests and students attending the program.

Guests, organizers and students take souvenir photos.

# IMPACTMED PROJECT

## Training Program on Designing and Conducting Faculty Development Programs

Within the framework of the IMPACTMED Project, from November 4 to November 8, the Faculty Development Unit of the Center for Medical Education, Faculty of Medicine, University of Medicine and Pharmacy at Ho Chi Minh City, in collaboration with BIDMC/HAIVN, organized a training program to design and implement a Faculty Development program for lecturers of universities: Hanoi Medical University, Hai Duong University of Medical Technology, University of Health Sciences - VNU-HCM, Can Tho University of Medicine and Pharmacy and Vietnam Academy of Traditional Medicine.

Assoc. Prof. Vuong Thi Ngoc Lan - Vice Rector of University of Medicine and Pharmacy at Ho Chi Minh City delivered the opening speech of the training course.

Assoc. Prof. Phung Nguyen The Nguyen - Head of Faculty of Medicine spoke.

Leaders of University of Medicine and Pharmacy at Ho Chi Minh City, BIDMC/HAIVN and the Faculty took souvenir photos with participants.

# IMPACTMED PROJECT

## Welcoming Resident Doctors from Harvard Medical School, USA

From November 6-7, the Faculty of Medicine welcomed two resident physicians Jennifer Thomalla and Lillian Zerihun from Harvard Medical School, USA to visit and participate in some teaching and learning activities, working at the Department of General Internal Medicine (at Cho Ray Hospital) and the Department of General Surgery (at Gia Dinh People's Hospital). The visit and working session aimed to learn about medical training innovation activities in Vietnam in order to orientate to be able to coordinate with Harvard Medical School experts to provide technical support on medical innovation and deploy some new fields in the coming time. This is also one of the activities of the IMPACTMED Project.

Harvard Medical School's residents met and worked with doctors and residents from the Department of Internal Medicine at Cho Ray Hospital.

Take a souvenir photo with lecturers of the Department of General Surgery at Gia Dinh People's Hospital.

Discussion with the General Surgery Department at Gia Dinh People's Hospital.

# INTERNATIONAL COOPERATION

## Professor Charlie Sprung (Hadassah Hebrew University Medical Center)

On the morning of November 18, the Faculty Board, the International Relations Group and the Department of Resuscitation - Emergency - Toxicology, Faculty of Medicine met with Prof. Charlie Sprung (Hadassah Hebrew University Medical Center) to discuss cooperation opportunities in teaching and research at the department in the future.

Lecturers in a meeting with Professor Charlie Sprung.

## CONFERENCE

### The 8th National Medical Education Conference

From November 15-18, 2024, the delegation of lecturers and students of the Faculty of Medicine attended the 8th National Medical Education Conference organized by the Vietnam Medical Education Association and VinUni.

At the conference, within the framework of the MEF Project, the Faculty of Medicine, the Center for Medical Education and Yonsei University jointly organized a pre-conference workshop with the theme “Improving Medical Education: Using Question Banks to Improve Assessment Practice and Faculty Development”. The pre-conference session received a large number of delegates and received many positive responses from the attendees. The delegates highly appreciated the practicality and depth of the content, especially the combination of theory and practice. The Q&A and discussion session opened up an approach to standardizing assessment in medical education in Vietnam.

The chairman and presenters took a souvenir photo.

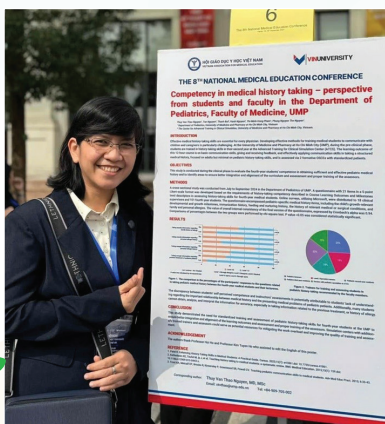

Within the framework of the conference, the leaders of University of Medicine and Pharmacy at Ho Chi Minh City and the leaders of the Faculty of Medicine also attended the meeting of the Club of Principals/Deans of Medical Departments. The Club is a place for leaders of medical schools nationwide to discuss, share expertise and contribute ideas on policies on medical training in Vietnam.

Members of the Club of Principals/Deans of Medical Faculty take a souvenir photo.

Participating in the conference, the Faculty of Medicine had many reports from lecturers and students and received awards from the Organizing Committee.

Dr. Nguyen Thuy Van Thao, Lecturer of Pediatrics Department: Most impressive poster award.

Student Nguyen Phu Nhat, class Y2021B: Third Prize, Oral Reporter, report: "Rate of use and impact of ChatGPT in self-study on learning of students from University of Medicine and Pharmacy at Ho Chi Minh City".

Students Nguyen Dong Phuong Nhu, Y2022D and Le Thi My Anh Y2023A received certificates for their positive contributions to student projects at the Conference.

# ANNOUNCEMENT – SEMINAR

## 15th Russian School of Colorectal Surgery Conference

The Russian Society of Colorectal Surgeons (RSCS) invites colorectal surgeons and specialists in the field to participate in the 15th International Conference of the Russian School of Colorectal Surgery (June 13-15, 2025 in Moscow, Russia).

We invite interested lecturers to register to participate.

The screenshot shows the official website for the XV International Conference of the Russian School of Colorectal Surgery 2025. The header includes navigation links: About, Program, Partners, For Participants, and Contacts, along with a language selector set to 'RU'. The main content area features the RSCS logo, the dates 'JUNE 13-15, 2025', and the title 'RUSSIAN SCHOOL OF COLORECTAL SURGERY 2025'. Below this, it states 'The largest conference for coloproctologists in Russia'. A 'Get a consultation' form is visible with fields for 'Your name', a phone number, 'Email', and a 'Send' button. On the right side, a vertical timeline lists past conferences from 2009 to 2025, with 2025 June highlighted.

# ANNOUNCEMENT – RESEARCH

## Research support from MEF project

In order to support lecturers in analyzing data, editing and publishing international articles, the MEF project in collaboration with the Department of Science and Technology and the Office of Ho Chi Minh City Medical Journal announces a support program from Yonsei University and University of Medicine and Pharmacy at Ho Chi Minh City.

### Support Information

- ✦ **Yonsei University:** Prof. In - hong Choi and Mr. Lee. Email contact information: inhong@yuhs.ac; oksk@yuhs.ac (for English support and data analysis ).
- ✦ **Ho Chi Minh City University of Medicine and Pharmacy:** Contact information: Mr. Hai. Email: nnhai@ump.edu.vn, Tel: 0862628224 (for data analysis support).

### Conditions for support

- ✦ The article must be written completely in English.
- ✦ The article must have at least one author who is a researcher from UMP.
- ✦ Each article is supported only once.
- ✦ A researcher may submit multiple papers for support , but adjustments may be made depending on the number of papers submitted.
- ✦ English editing and data analysis support will take up to 3 weeks.
- ✦ If there is a high volume of applications for support, we may temporarily suspend accepting new applications and will resume support after completing the evaluation of submitted papers.

**Note:** If the author needs analytical guidance before writing a paper or other related needs (SPSS, STATA, R software, ...), contact Mr. Hai according to the contact information above or come directly to the Science and Technology Department during office hours every Wednesday and Friday.
